

PROJECTION		TOLERANCES (UOS)		Dimensions in mm		© Gas Strut Engineering		Drawn By: MJL	Revision	Description	Date	Approved
			Lin: +/- 0.10 Ang: +/- 0.5 deg	Original Scale:	N.T.S.	This drawing is the property of GSE and should not be communicated to any third party without written consent		Date: 01/09				

Break all sharp edges

Technical Information
 Material: S45C
 Treatment: QPQ Nitriding Treatment
 Hardness: HV 0.1/15>430
 Corrosion resistance: better than 144 hrs

Part Number given by 06-01-07-L, where 'L' = overall length of piston rod

Material: S45C	Title: Piston Rod 6mm
Finish: Nitride	Drawing Number: 06-01-07-L
